

LABICLEAN UV EM

Product description:

Blanket and roller wash. LABICLEAN UV EM is a low odor, medium drying water miscible wash. Suitable for manual and automatic cleaning of the inking rollers and blankets. Specifically formulated to quickly and easily remove UV/LED/Hybrid inks and coatings. Safe to use on EPDM. Do not use on unbaked positive plates.

Direction of use:

Manual use:

Blankets: apply LABICLEAN UV EM neat or mixed with up to 25% water to remove both ink and water soluble contaminants in one easy application.

Inking rollers: apply LABICLEAN UV EM neat on a water damp cloth. After removing the ink film, wipe away any excess with a damp clean cloth.

Automatic system:

Follow manufacturers recommendations.

Features:

- Suitable for use on EPDM blankets and rollers;
- Specifically developed for UV/LED/Hybrid applications;
- Keeps rollers and blankets ink-receptive;
- Suitable for manual or automatic use;
- Prevents oxidation and swelling of the rubber;
- Reduces blanket tack.
