

LABITEX SC

Product description:

Dampening system cleaner. LABITEX SC is a highly effective cleaning concentrate for press dampening systems. It easily and effectively removes ink and all other contaminants from tanks, pipes and pumps, avoiding blockages in the dampening system. LABITEX SC contains a broad spectrum biocide that will eliminate the buildup of algae, bacteria and unpleasant odors. The use of LABITEX SC is recommended on a regular basis to avoid pollution of the dampening system.

Direction of use:

Use neat or dilute 1 part LABITEX SC with 1 parts clean water. Empty the dampening system and all holding tanks and reservoirs. Add LABITEX SC and circulate for minimum 30 minutes.

Rinse the system with clean water for approx 10 minutes and empty again. Replace the filter if necessary. Refill the system with a mixture of water and fountain solution. Check that pH and conductivity are within the desired range.

Features:

- Suitable for all types of dampening systems;
- Non foaming;
- Easy application and effective action;
- Non flammable;
- Non toxic;
- Contains corrosion inhibitors;
- Low odor.

Technical Data:

Application	Ink	Conv/UV/LED/Hybrid
	Water miscible	✓
Chemical properties	Appearance	Colorless
	Odor	Faint
	Flash point	>60°C
	Density (25°C)	1,024kg/L
	VOC content	10%
	pH	2,0

Ecology and safety:

For specific environmental/food compliance requirements, please contact our technicians for more information.

Version №1 of 02/06/21

Prior tests are recommended before any commercial work.
